ABOUT OUR CAMP .

- **For students 3.5 – 10 years.**
- Along with gymnastics, we offer other activities such as arts and crafts, dance, conditioning, skits, outdoor play, games and races, and a camp show on the final day of camp.
- Campers are placed in groups based on age and with friends by request.
- Our instructor/student ratio is 1 to 8, which allows each camper the opportunity to receive the care and instruction needed for all activities.
- Most of all, we offer campers lots of fun and encouragement.

Camp Philosophy & Staff

Our staff brings many years of coaching experience as competitive gymnasts in high school, college and Junior Olympic programs, all with the common goal of helping your child develop his/her skills. Our first and foremost goal is for students to have a lot of fun, learn new skills, and meet new people. We will evaluate each student to make sure they are placed with a group where they can progress and feel comfortable. We want each of our campers to go away with some new skills and progressions to help them ultimately learn the skills they need to reach their goals.
